

## **LabCalls Instructions**

Your **test results** will be available to you either by calling **1-866-971-0985** or by logging onto our website at **www.aawha.com**. You will not receive notification by mail.

To obtain your results online, go to **www.aawha.com** and click on the **LabCalls** icon.

You will need the following information to log in:

**Customer number:** 532710

**Unique ID (UID):** your Social Security Number with no dashes (example: 222334444)

**PIN:** Date of Birth (MMDDYYYY) (example: 09081986....not 9/8/1986)

At that point, you will be able to **choose your own PIN** by going to the "**INFO**" tab and clicking "**Change PIN**". You can also register, by clicking the "**NOTIFICATIONS**" tab, to have an **email sent to you when your results are available**. It is advisable to register on LabCalls immediately after your appointment so that you don't forget. Then when your results are available, you will receive an email from LabCalls.

If you wish to obtain your test results **by phone**, call **1-866-971-0985**. You will then be prompted to enter your **Unique ID** followed by the pound (#) sign. Note that you will not need to enter the Customer number. Next, you will be instructed to enter your **PIN**, again followed by the pound (#) sign.
